Subject: Guidelines for Charging to ESF-10 MA

Carl/Mary,

Attached is the Makris-Suiter Memo that generally governs our charging to ESF-10 MAs. In discussions yesterday in the REOC, the primary activities that may have prompted this inquiry from FEMA are the NPL site work and Arkema. Historically, I believe Murphy Oil fell into the category of a site funded by an FPN through USCG.

Craig Carroll,
Chief, Emergency Management Branch
